Poster Title for Program

Cultivating Multiliteracies: Using digital ı

Revised Poster Description for Program
50 words max

This poster presents how using a low-stakes digital multimodal assignment on Tumblr, a blogging platform, enhances students' agency, engagement and multiliteracies. First-year composition instructors can use digital multimodal composition as a means to witness how students' writing process, rhetoric, technology, and literacy intersect.

Availability to present

Please let us know if you are available one or both days of the DPP. During your scheduled time, you will be responsible both for presenting and for serving as an audience member for your DPP colleagues. For example, you may be scheduled to present during Session B and then to be an audience member during Session C, or vice versa. (Our DPP sessions also draw a broad audience from 4Cs attendees.) Schedules will be provided for all presenters by January.

◉ Sessions B & C: Thursday 12:15 - 3:00 p.m.

◯ Session F & G: Friday 8:00 - 10:45 a.m.

◯ I am available to present during both sessions.
